[LinkedIn Profile](#) | [Github Profile](#) | [Portfolio](#)

❖ Summary

Full Stack Developer passionate about JavaScript technologies. Skilled in building AI-powered web apps using MERN & LLMs. With attention to detail, I focus on building & optimizing REST APIs, state management, responsive UIs with reusable components and ensuring clean, maintainable code.

❖ Work Experience

Full Stack Developer – MERN & Next.js | Innovation.Tech, Apr 2024 – Jun 2024

- Developed RESTful APIs and implemented state management to create dynamic features.
 - Integrated LLMs GPT-4 & GEMINI for AI chatbots, content generation, & predictive analytics.
-

❖ Projects Experience

1. AI Driven Human Resource Management System – FYP | [Github Link](#)

Technologies: MERN, Redux, Gemini

- Automating HR tasks with AI-powered substitute assignment and chatbot integration.
- GPS-verified QR code attendance system to ensure secure, location-based check-ins.

2. E-commerce Platform – Online Perfume Marketplace | [Github Link](#)

Technologies: MERN, RTK, Gemini

- Managed core product features such as search, add-to-cart functionality, & order tracking.
 - Optimized performance with RTK and analyzed user interests for personalized suggestions.
-

❖ Technical Skills

- CS Fundamentals: OOP, DSA, DBMS,, Problem Solving, Software Engineering Principles
 - Frontend Development: Tailwind, JavaScript (ES6+), TypeScript, React.js, Redux, Next.js.
 - Backend Development: Node.js, Express.js, MongoDB, MySQL, JWT, JSON, REST APIs, LLMs
 - Other Tools: VS Code, Git, GitHub, Postman, Vite, Linux, Figma, Vercel, Redux DevTools.
-

❖ Key Achievements

Security Vulnerability Disclosure | Digital Youth Hub – Government Platform

- Identified and reported a security vulnerability preventing unauthorized access.
 - Received appreciation & Invitation to consult on future security improvements.
-

❖ Education

Bachelor of Science in Information Technology | 2021 – 2025

- GIGCCL AFFILIATED WITH UNIVERSITY OF THE PUNJAB | CGPA : 3.05 OUT OF 4.0.
- Activities & Societies: Javascript and React.js Instructor – CODEX Society.
